In a competitive commercial climate it's integral to the success of your property transactions to have a solicitor who has an in-depth market knowledge and a hands-on practical approach. Dispute Resolution

Resolving a dispute quickly and cost-effectively will minimise the impact of the dispute on your business. We will take the time to understand your business objectives before providing you with clear and concise advice tailored to your needs.

Employment

If you have access to reliable employment law advice then it doesn't have to be the minefield you may think it is.

Whether you need help with contracts of employment, disciplinary issues or redundancy we have the expertise and pragmatic style to assist you with all of your employment needs.

Landlord Services

Evicting a bad tenant with substantial rent arrears or needing to evict because you want to sell your property, eviction is a complicated process and you must follow specific procedures. Making a mistake during the eviction process can lead to a bad situation becoming worse.

As a recognised supplier for the National Landlords Association (NLA) we understand the issues landlords face and having a plan of action in place when you want to evict a tenant is essential to keep your business running smoothly. With our Landlord Services you will have peace of mind knowing all the legal procedures will be followed.
